MARINE CORPS BASES JAPAN ORDER 5355.1

From: Commander, Marine Corps Bases Japan
To: Distribution List

Subj: PUBLICATION OF PROHIBITED SUBSTANCES

Ref: (a) SECNAVINST 5300.28D
(b) UCMJ
(c) MCBJO 5800.6B

Encl: (1) List of Prohibited Substances

1. Purpose. To prohibit the possession, sale, use or distribution of substances which are intended to produce a psychotropic "high" when ingested or smoked.

2. Background

a. A disturbing trend of substance abuse has surfaced throughout Japan causing this command to prohibit the possession, sale, use, or distribution of certain legally obtainable substances.

b. The specific abuse at issue involves substances not currently controlled by the United States or Japanese governments or otherwise prohibited by references (a) or (b).

c. Effects similar to Marijuana, Lysergic Acid Diethylamide (LSD), and other psychoactive substances have been reported from the substances listed in enclosure (1).

d. These substances have a high potential to affect the efficiency, discipline and good order of Marine units stationed in Japan and may negatively affect the Japanese and U.S. relationship. The uncontrolled nature of the substances makes them highly accessible and their unregulated and unpredictable nature make it likely that Status of Forces Agreement (SOFA) members who use them will suffer an adverse physical reaction or engage in some unlawful incident due to impaired judgment. It is out of this necessity of ensuring the fitness and ability to conduct our mission and protecting the welfare of all service

members and other SOFA status personnel living and working on Marine Corps Bases Japan that this Order is promulgated.

3. Prohibition

a. The actual or attempted possession, use, sale, distribution, or manufacture of any substances (or any derivative, analogue, or variant of substances listed in enclosure (1)) is prohibited.

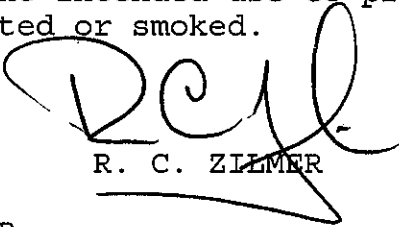

b. The actual or attempted possession, use, sale, distribution, or manufacture of any substances (or derivative, analogue, or variant of the substances in enclosure (1)) by civilians will be considered "misconduct" and processed in accordance with reference (c). Punishments may include up to debarment or loss of command sponsorship.

4. Applicability. The provisions of this Order apply to service members assigned to Marine Corps Bases Japan/III Marine Expeditionary Force, Department of Defense civilians employed by the United States Marine Corps, SOFA status dependents and contractors in support of the foregoing personnel.

5. Administration and Logistics

a. This Order is punitive in nature and violations of this Order may result in punitive or adverse administrative action under references (b) and (c).

b. This Order will be periodically updated with notification of any other substances with the intended use to produce a psychotropic "high" when ingested or smoked.

R. C. ZILMER

DISTRIBUTION: MCBJ LISTS A & B

PROHIBITED SUBSTANCES

1. Salvia Divinorum and Salvinorin A.
 - a. Also known as (A.K.A.) Maria Pastora
